Sir:

In response to the Final Office Action of January 12, 2005, the period for response to which having been extended by one month to May 12, 2005, please amend the above-identified U.S. patent application as follows:

IN THE CLAIMS:

**Please amend claims 20 and 23 as follows. Also, please add new claims 24-35 as follows.**

20. (Amended) A signal transmission system comprising:

a signal transmission apparatus comprising:

a modulator operable to assign each of a first data stream and a second data stream to a respective constellation in a vector space diagram to produce modulated signals wherein the number of signal points of the constellation for the first data stream is different from the number of signal points of the constellation for the second data stream; and

a transmitter operable to transmit the modulated signals; and

a signal receiving apparatus comprising:

a receiver operable to receive the modulated signals; and
